

BUSHNELL BIDS DEFIANCE TO HANNA AND HIS HOSTS

Ohio's Governor Greets a Solicitous Delegation and Stubbornly Resists Their Overtures.

THEY'RE HOUNDING HANNA RELENTLESSLY

Opposition Gaining Strength Each Day the Battle Is Prolonged, If Outside Indications Count for Anything.

AFTER ALTERNATE CHANGES THE VOTE STILL STANDS

Rumors That the Anti-Hanna Forces Had Lost Strength Fail to Materialize—Agents Sent To Various Points by the Desperate Hanna Faction—Excitement Increasing in the Great Ohio Race.

Columbus, O., January 4.—(Special.)—So far as surface appearances indicate, the anti-Hanna organization strengthened its lines today. Though morning papers carried special from Chicago in which Senator Burke was quoted as saying that he would return today and give the republicans control of the senate, he took his seat in that body when it convened at 10 a. m., and voted with the democrats on every party matter, proving conclusively that there was a perfect understanding between him and the democratic managers, if any one doubted it.

The Hanna managers are working more secretly now than hitherto. Up to last night their headquarters have been open, and anyone who wished could enter. Now only the reception room is open. The other apartments of the headquarters are closed, and the work now being done is conducted behind locked doors.

They are now drumming up republican opposition to the course of Governor Bushnell and Charles L. Kurtz in all parts of the state. Letters from county chairmen and editors of republican newspapers urging the election of Hanna fill page after page of the local republican organ.

Today the first of a series of county delegations was brought to town to wait upon Governor Bushnell and expostulate with him in regard to his course in the senatorial matter. This delegation was brought from Clarke county. Governor Bushnell's home, and was expected for this reason to have effective influence upon the governor and the obstreperous republican members. There were seventy-five persons in the delegation, and headed by a brass band, they marched into the state capitol, the band playing, and on into the governor's room. It was like an attack upon the citadel of the opposition.

In the present controversy, Governor Bushnell, who was the spokesman for the delegation, made a less devoted to the governor, saying it was the opinion of the republicans of his county that he as governor and head of the party in the state, ought not to be opposing the election of Senator Hanna, who was nominated by the state convention of the party.

Governor Bushnell was almost overcome by emotion in response. He said he had been misunderstood and misrepresented. He said he had attended a conference to which it was not true that he had attended. He said he did not know that such a conference had been held. He expressed the belief that the members of the house and senate should settle the question of a senator and that all others should remain out of the fight.

"I had the honor to present your name at the Toledo convention and am proud of it. Circumstances have arisen which have changed the current of affairs. Certain persons who claim to be republicans are endeavoring to thwart Mr. Hanna's candidacy, but we cannot believe that you are one of those, that you are unyielding. For you to do this would be a political blunder, if not a political crime. Hence we call to ask if you have done what is charged against you?"

MR. BRYAN REACHES HOME

Nebraska Is Given an Ovation by Citizens of Lincoln.

HE SPEAKS AT A BANQUET

Democratic Leader Declines to Give His Views of Mexico Until He Has Rested.

Lincoln, Neb., January 4.—William J. Bryan's home-coming from his Mexican trip this evening was the occasion of a more marked display of enthusiasm on the part of his political and social friends than has been shown since his return from Chicago following his nomination for the presidency.

This being the night of the complimentary banquet tendered him by the Bryan Traveling Men's Club, a number of their members were on hand at the station to meet him. To the Associated Press correspondent Mr. Bryan said he was not yet ready to express his impressions of Mexico, and that furthermore his speech tonight would be extemporaneous.

It was nearly 10 o'clock when the banquet hall of the Lincoln hotel was thrown open. Courses were laid for 300 guests, and over an hour was spent in discussion of the menu. The principal address was by Mr. Overmeyer on the subject, "The National Democrats." Mr. Bryan responded to the toast, "Our Guest."

Nearly all the speakers referred to Mr. Bryan as the generally accepted democratic candidate in 1900 and the sentiment was generally applauded. It was 2 a. m. when the banquet concluded.

Kansas City, Mo., January 4.—William J. Bryan and wife arrived here today en route home after their trip to Mexico. At Muscogee, I. T. Mr. and Mrs. Bryan were the guests of Judge and Mrs. William M. Springer.

The Nebraska last evening spoke in the open to the largest gathering of friends gathered in Muscogee to hear a political address. Mr. and Mrs. Bryan took breakfast at the Coates house and left later for Lincoln, Neb., where he will attend a dinner this evening given in his honor by the Bryan Traveling Men's Club.

Butterworth Is No Better. A Brother of Senator Mark Hanna Also in Dangerous Condition. Thomasville, Ga., January 4.—(Special.)—Commissioner Ben Butterworth is lying in his room at the Pineywoods hotel, this city, at the very point of death.

Since his attack on Monday he has gradually grown worse, and at best he can last but a day or two. In fact, his death is momentarily expected.

He is suffering with kidney trouble of an acute character and his physicians, who are in constant attendance upon him, say that he cannot possibly recover.

Another distinguished northern gentleman, Hon. Mel Hanna, of Cleveland, O., brother of Senator Hanna, is very ill at the winter home a few miles out in the country. A physician has gone out to perform an operation which will relieve an accumulation of pus.

LETTER HAS SOLD HIS WHEAT. Chicago's Young Speculator Has Closed His Supply. Chicago, January 4.—Joseph Letter is said to have closed contracts for the greater part if not all of his \$750,000 bushels of cash wheat. Negotiations have been under way for several days and are about closed. The buyers are L. Dreyfuss & Co., of New York, the French exporters, and Giles Fisher, of Baltimore.

Dreyfuss' man is here looking over the wheat and samples have been forwarded to the New York headquarters. Nothing is known about the terms, but they are believed to be satisfactory to Letter. Giles Fisher, the Baltimore exporter, is among the largest cash grain handlers in the world and stand at the head as a corn house.

Stromg westward and northwesterly gales will prevail along the trans-Atlantic steamship routes. The effect of these gales is frequently felt as far south as latitude 35 (about Hatteras) with occasional gales in the vicinity of the Gulf of Mexico. Fog at intervals on the Grand banks, but not in extended areas. Ice will be seen near Cape Race, probably as far south as the northern steamship routes.

EXPRESS MESSENGER BOUND AND GAGGED

Train Robbers Do Their Work Inside of the City Limits.

CONTENTS OF SAFE TAKEN

Two Men Work the Wells-Fargo Company for Cash and Jewelry.

THEY ESCAPED WITH ASTONISHING EASE

Before the Car Is Outside of Kansas City the Highwaymen Disappear with Their Booty.

Kansas City, Mo., January 4.—After about three months of inactivity Kansas City's train robbers scored another brilliant achievement tonight. This time the Kansas City, Pittsburg and Gulf road is the sufferer.

The company's Fort Arthur express special, which left the city's depot here at 6:40 o'clock tonight, was robbed before it had passed beyond the city limits. Two men, whom no one but the express messenger seems to have seen, climbed into the express car as the train left the depot. They overpowered the messenger, bound him, and rifled the car before the train came to a stop.

When the train slowed up at a railroad crossing known as Air-Line Junction, near the southeastern limits of the city, they climbed out of the car and disappeared. Nothing was known of the robbery until a negro train porter entered the car and found the helpless express messenger.

At this hour nothing is known as to the amount of booty secured. After the train had been stopped and others of the crew had come forward and released the express messenger it was found that the robbers had taken local B. Lewis, of Fayetteville, and L. M. Sherman, of Harrison, to prepare the proper memorial, present it to congress and use their best efforts to secure the appropriation required for the needed improvement of the Tennessee river.

The committee recommended that the river and its tributaries be improved by the construction of a series of locks and dams. The report was adopted by the committee and the appropriation of \$500,000 was recommended.

The committee also recommended that the river be improved by the construction of a series of locks and dams. The report was adopted by the committee and the appropriation of \$500,000 was recommended.

LUNATIC PULLS PISTOL AND FIRES ON DR. POWELL

Osborne, the Notorious Atlanta Murderer, Escapes from State Lunatic Asylum.

SUPERINTENDENT'S CLOSE CALL FOR LIFE

Desperado Dashes from the Dancing Hall While Reveling with the Asylum Lunatics, and Is Now at Large.

COVERS HIS KEYPERS WITH A PISTOL AND FIRES

While Running Away He Encounters Dr. Powell, the Eminent Physician and Superintendent, and Fires Twice at Him—Thrilling Story of the Criminal Career of Osborne. Atlanta Officers on Look Out.

Millersville, Ga., January 4.—(Special.)—The Atlanta lunatic, B. H. Osborne, gave Dr. T. G. Powell, superintendent of the asylum, a close shave for his life last night. The infuriated man then escaped and is still at large.

A masquerade dance was given in the amusement hall of the female convalescent building for the patients and Osborne was present. Shortly before the dance was over Osborne refused to retire from the hall, and said so with an attendant on either side of him. Immediately after he got out of the building he suddenly jerked loose from his companions, and to their astonishment exhibited a pistol, which he drew from his clothing. He was dumbfounded for the moment and before they could act he had fired twice, but missing both marks; he then rushed off toward the main building.

Dr. Powell was walking leisurely toward this building, where his apartments are located, and hearing the noise of the pistol and seeing the person fleeing, he turned and placed himself squarely in his path. He at that time did not suspect that it was the criminal. When the dying madman came within a few feet of the doctor he deliberately fired directly at him, though he did not reduce his speed as he passed the doctor, and when just at his side, the second shot was fired. It is a miracle how either of the shots missed the mark.

The escaped lunatic made his way out of the asylum inclosure and has not since been seen. There is strong reason to believe he is in the county and a vigorous search is being made by the authorities. After Osborne's escape his room was carefully searched and a rope was found suspended from a window ledge long enough to reach the ground, thus giving evidence that he had planned his escape surreptitiously, but abandoned that plan when the better opportunity presented itself, or that he had some connection with the outside world whereby he obtained the pistol.

His means of procuring the pistol is wrapped in mystery and there is not the slightest clue except as above stated. It is regarded as certain that either some villain from the outside or some employee furnished the weapon. But it is likely that if it was the latter it was involuntarily done, as it is possible that Osborne entered an attendant's room stealthily and took it.

Osborne will be remembered as the one who murdered Schrader, the lithographer, in Atlanta about two years ago. He put up a story that he imagined himself to be a dog and was quickly found insane.

Dr. Powell is congratulated by all his friends in the city at his escape. There has been no reason since Osborne's coming to the asylum to suspect that he was at all dangerous and lately he has been allowed occasionally to attend the dances given weekly at the institution. On such occasions he was always accompanied by two attendants, who were instructed to keep vigilant watch over him.

The Atlanta police have been instructed to keep a sharp lookout for Osborne, as it was thought that he would probably make his way back to his old home. The chief of the Atlanta police telegraphed to Chief Manly to look out for Osborne, as it was thought he was headed toward Atlanta. Both police watches yesterday were instructed to watch for the missing man.

The police captain did not think that Osborne would come to Atlanta. They said he had too much sense to come to a place where he is so well known. Nearly every policeman in the city knows him by sight, and he will take great risks to come here. Ben H. Osborne, the Atlanta man who shot and killed Theodore Schrader eighteen months ago, has since been in the state lunatic asylum.

Under the cloud of insanity the murderer has for nearly two years rested secure from the gallows, and but for his escape he might have spent the remainder of his life in the asylum as a lunatic. Osborne played his part well. He was one of the most tractable men in the asylum, and when he made his sensational escape no one was more surprised than the men who had been attending him for months.

Osborne's crime was one both shocking and brutal. One summer afternoon last August, a year ago, he met Theodore Schrader on the street and sent five bullets into the man's body. Schrader fell on the street and died instantly. When arrested, Osborne gave as his excuse that Schrader had stolen his soul and given it to a dog.

PRESIDENT BYRNE DIES AT HIS HOME

Head of the Brooklyn Baseball Club
Breathes His Last.

WAS PROMINENT IN THE GAME

Once a Newspaper Reporter He Became
a Leader in Outdoor Sport.

WAS RECOGNIZED AS A MAN OF ABILITY

By Liberal Use of Money He Gave
His City a Team That Won
the Pennant.

New York, January 4.—Charles H. Byrne, who was president of the Brooklyn Baseball Club, died at his residence in this city today.

Death was due to a complication of diseases since Monday of last week and death had been expected.

The history of modern baseball is contemporaneous with the active life of Charles Byrne, and to him has been given the credit for many of the features of the game which have given it its national character.

Mr. Byrne received his education at St. Francis Xavier college, Albany, and then entered the Interstate League. In 1883, he branched out as a baseball manager, as a member of the firm of Byrne, Taylor & Co., which organized the Brooklyn team and entered the Interstate League.

The Brooklyn club joined the American Association in 1884. Mr. Byrne caused a sensation in 1885 when, having associated himself with Messrs. Abell & Doyle, he purchased the entire Cleveland League team, paying therefor the sum of \$10,000.

Byrne also secured Collins, of Louisville, and Burns, of Baltimore, two crack outfielders. Even with this aggregation, Byrne was not successful, and in 1886, he bought out the entire Metropolitan team. This deal was quickly followed by the purchase of Dave Foutz, Bushong and Bob Carruthers, from the St. Louis team for \$30,000.

Byrne's liberality and enterprise were rewarded by success for the season of 1887. The American Association in 1888. After this the Brooklyn club joined the league, when the Brotherhood revolt broke out.

By his honesty and enterprise Mr. Byrne made the American Association a power and forced the National League to meet it halfway in a consolidation agreement.

VON DER AHE MAY HAVE SOLD.
Rumors are afloat that the St. Louis Franchise Changes Hands.

St. Louis, Mo., January 4.—Whether or not John T. Brush and William H. Schmidt, of Indianapolis, are in St. Louis tonight cannot be stated as a certainty. It is, however, generally believed that they arrived today to confer with President Chris Von Der Ahe for the purchase of the St. Louis baseball club.

All afternoon and tonight the hotels have been assiduously searched, but up to midnight no trace of Mr. Brush and Mr. Schmidt has been found. It is reported that the two gentlemen refused to register at a hotel, and early this evening, in company with Mr. Von Der Ahe and Secretary S. B. Mackenhus, hired a hack by the hour to drive them about the city, thereby enabling the quartet to talk over the matter in secrecy.

Notwithstanding the report that Mr. Brush proposes to buy the Browns, another deal seems to be on foot.

At 1:30 o'clock this morning Mr. Von Der Ahe, Secretary S. B. Mackenhus, Samuel P. Myerson, Gus Frey and George Munson met at the Lindell hotel to talk over the sale of the Browns. When the meeting adjourned it was announced that Mr. Von Der Ahe would be turned over to Mr. Von Der Ahe within the next day or two by Myerson and his syndicate, and in return they would receive a check for \$100,000.

Mr. Von Der Ahe had treated them fairly in the matter, and that the prospects were exceedingly bright for them being in control within the next day or so.

A diligent search of the city tonight has signally failed in finding Von Der Ahe.

Brush May Be Purchaser.
Chicago, January 4.—Dispatches from Indianapolis indicate that a plan to acquire the St. Louis club in the interest of the Piedmont baseball people of the Indiana city has taken definite form, if as reported in today's dispatches.

A special to The Tribune from Indianapolis says the deal by which John T. Brush, president of the Cincinnati club today

gained control of the St. Louis National League team, is purely a business deal of Indianapolis men. The principal owners are John T. Brush, George A. Dickson and Henry M. Talbot, of the theatrical firm of Dickson & Talbot, County Treasurer William Schmidt, who accompanied Mr. Brush to St. Louis to complete the deal today may take a \$10,000 hatch stock.

The price paid is kept a secret, but it is understood to be close to \$75,000 and embraces the team and real estate. Mr. Brush and Mr. Talbot were in St. Louis last week and practically completed the deal at that time. Before leaving Mr. Brush said it was his intention to make St. Louis one of the best clubs in the league and gave his word that the old Browns would be rejuvenated and not found in the last section of players next season. It is understood that the deal was the active business head of the club.

Spalding Is Not the Purchaser.
Chicago, January 4.—A. G. Spalding, captain Anson and James A. Hart, manager of the Chicago baseball team, all said tonight that they were in no manner connected with the purchase of the St. Louis baseball club and know nothing about it in any way.

MEETING AT INDIANAPOLIS.
League of American Wheelmen Accept That City's Invitation.

New York, January 4.—The executive committee of the League of American Wheelmen decided today to accept the invitation of the Indiana state division and the various clubs to hold the next annual meet at Indianapolis.

The following telegram was sent to Chief Consul Wallace Sherwood at that city: "Executive committee of the League of American Wheelmen accept your invitation to hold the annual meet of 1898 to your city. We extend congratulations and offer our best cooperation to accomplish the most successful meet in the history of the organization."

August was fixed upon as the month of the annual meet, it being left to the state division to fix the exact date.

FITZ WANTS A CLEAR RECORD.
Champion Declares That He Was Not Mixed Up in Barroom Fight.

Oshkosh, Wis., January 4.—The statement to the effect that I was mixed up in a barroom fight in Sheboygan, Wis., Sunday night in which Attorney Hughs was slain, is a lie, said Robert Fitzsimmons today. "I was not present when the trouble occurred, but I was asleep in my room at the hotel."

"The trouble did not occur in the barroom, but in the billiard hall of the hotel. I think it is a rank shame to connect my name with the affair, to make me out a barroom brawler."

"After our performance I went to the hotel and went to bed. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

"I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool. I was not in the billiard hall and I did not play pool."

TOWN WEARS DEEP MOURNING

City Hall at London, Ont., Proved a Veritable Death Trap.

TWENTY-FIVE LIVES WERE LOST

Accident Was Caused by the Breaking of a Beam Which Ran Beneath the Floor.

London, Ont., January 4.—The Union Jack today floats at halfmast over the city hall, but it is not needed to remind the citizens of the horror of last night. The city hall presents the appearance of a wreck, and the streets in front of it are crowded with the curious and sorrowing citizens.

The list of dead numbers twenty-five, but it is much to be feared that it is not yet complete. Many of the injured are not expected to recover and others will be confined to their beds days, weeks and some for months. The list of injured can never be made complete, as many are unable to be about, though suffering bruises, aches and pains as a result of their terrible fall.

City Engineer Graydon stated that the cause of the accident was the breaking of a heavy beam which ran beneath the floor almost at the center of the space way. The beam broke in the center, throwing all the people standing within a large space into a mass. The engineer did not consider the hall dangerous, and says that the tremendous weight simply caused the beam to snap.

The request for aid, but no evidence was taken until after the funerals of the victims.

The following is a revised list of the dead and the more seriously injured:

AN AUGUSTA IDYL TOLD IN PROSE

Webb's Wife Was Very Sweet on Her
Friend Faulkner.

COUPLE WENT ON AN OUTING

Now They Are Back and Webb Is
Quite Angry.

BUT FAULKNER IS A MAN OF PEACE

He Asks the Authorities to Settle the
Matter in Some Way So He Will
Not Have to Dodge Bullets.

Augusta, Ga., January 4.—(Special).—A remarkable story comes to light today through the statement of G. O. Faulkner, who informs the police that his life is threatened by E. C. Webb, a butcher and dayman, and the latter's son. He says he does not desire to have any difficulty, neither does he desire to be dodging those there and if there and attack him he will certainly defend himself. Behind all this is a sensational story, and here it is as told by Faulkner himself:

It was a Buried Love.
E. C. Webb's wife and Faulkner have known each other all their lives, and last year Faulkner was working for Webb in the dairy, milking cows, etc. Webb's wife says Webb treated her badly, and she got tired of it and said she was going north and leave him. She asked Faulkner to accompany her. He loved her and went. This was last May. She furnished the money and they went to Washington, D. C., and Philadelphia, and New York. Webb bought him a photograph and she made money exhibiting it. Recently patronage fell off. Mrs. Webb became dissatisfied, and said she was coming back home. Faulkner said he could not dissuade her from returning. He says they have been living apart since Webb's wife came back, and he tried to persuade her to get a divorce and be married, but she would not do anything but coming back to Augusta, and so they came.

The Wife Returns Home.
Mrs. Webb did not return to her husband, but is at the home of a friend, and according to Faulkner says she does not mean to return to her husband.

LADIES CLAIM THEIR RIGHTS.
They Have Their Say in the Management of Baptist Church Affairs.

Atlanta, Ga., January 4.—(Special).—For the first time in many years the ladies of the First Baptist church took a hand Sunday in the voting of a regular conference session of the church.

Away back in the seventies it became necessary to call a pastor to the First Baptist church, and the ladies of the church here and there made a judicious selection.

The ladies of the church were very favorably impressed with one preacher and the female members with another. The ladies determined that the choice of the men should never be made, and they here and there made their opposition to him on the ground that he had made very harsh and unbecoming remarks against the faculty of the University of Georgia.

The ladies stood their ground in a measure, however, and the result was the selection of Dr. C. W. H. Young, who was a member of the church, and a native of Georgia.

The question at issue was the turning over of all the musical arrangements of the church to the pastor, Dr. W. H. Young, who was a member of the church, and a native of Georgia.

CLIOUS CONFINED TO HIS ROOM.
Judge Advocate in Carter Court Martial Is Relieved of Work.

Savannah, Ga., January 4.—(Special).—Colonel J. W. Clous, deputy judge advocate general who was appointed to act as judge in the court martial of Captain Carter, O. M. Carter, is quite sick, and confined to his room here with an attack of grip.

It is on this account that he has been relieved from the duty of acting as judge in the court martial of Captain Carter, O. M. Carter, is quite sick, and confined to his room here with an attack of grip.

SAVANNAH COTTON MILLS SOLD.
Southern Bank Buys the Property Under a Court Judgment.

Savannah, Ga., January 4.—(Special).—The Savannah cotton mills, capitalized at \$100,000, were sold today under a judgment in the city court in favor of the Southern bank amounting to \$20,000. There was little bidding on the property, which was finally knocked down to the bank for \$20,000, or \$20,000 less than the amount of its judgment. The property was at one time owned by F. Barr, of the Judge advocate general's department, assigned to it.

Colonel Barr is stationed at Chicago, and it is not known who he will arrive here. It is said that this change is likely to cause another postponement of the trial, because of the fact that Colonel Barr is not familiar with the case.

W. W. MacCall, representing Captain Carter, said he trusted this would not be the case, as he is ready to go to trial and is desirous of having the matter done with.

DISPENSARY CAUSES TROUBLE.
Citizens of Apppling County Disagree About the New Venture.

Baxley, Ga., January 4.—(Special).—A bill to establish a dispensary at Baxley, Ga., has been filed and presented to Judge Sweet, who is among the many who are opposed to the dispensary as a barroom, a nuisance, an imposition, a shame and a disgrace.

That for twenty years the good people of Apppling county have lived in peace, quietude and sobriety; that since the establishment of the dispensary, there has been a

menace of the dispensary the people get drunk and are doing badly.
Before the bill was filed by Colonel W. W. Bennett, a bright young populist lawyer from Baxley, Ga., he consulted with Hon. Walter Hill, who gave it as his opinion the law was unconstitutional. Judge Sweet declined to grant even a temporary injunction, but ordered that the dispensary should be closed on the 23d instant if one should not be in place by that time.

Among the petitioners whose names it is said are being used without authority, are City Court Judge Parker and Hon. S. W. Johnson, who ran against Judge Bennett's enemies claim he is paying the way to run for the legislature the ensuing fall. His father was the regular opponent, nominee for the senate, and was defeated by Dr. Comas by a few votes.

GEORGE BUSH IS ACQUITTED.
His Victims Have Threatened Vengeance Upon His Head.

Columbus, Ga., January 4.—(Special).—George Bush, the seventeen-year-old boy who, on last Thursday, shot to death Enoch Tyler, was discharged today, as the result of his preliminary trial before Justice Lennard.

The decision of the justice was rather a surprise. While the evidence showed that Tyler had been a bad character, and that he had threatened Bush's life, it was hardly believed that the latter would be released. As a number of witnesses had sworn that the deceased had a knife or stick, as alleged, and as sworn to by quite a number of witnesses, Justice Lennard, however, believed from the testimony that the boy had acted in self-defense and accordingly released him.

The argument of Attorney Tigner for the defense was marked by a sensational incident. He made a statement in which he said that Tyler, brother of the deceased, thought was a controversy of the testimony. He rose excitedly from his seat near the lawyer, drew back his fist and was apparently in the act of striking the attorney when the court bailiff intervened.

Attorney Tigner explained that it was not his intention to misquote the testimony. There were many friends of both sides present, and he was endeavoring to make a statement in which he said that Tyler, brother of the deceased, thought was a controversy of the testimony. He rose excitedly from his seat near the lawyer, drew back his fist and was apparently in the act of striking the attorney when the court bailiff intervened.

Man Well Known Throughout Burke County Dies Suddenly.

Waynesboro, Ga., January 3.—(Special).—E. W. Hack, a former citizen of Burke county, who resided at Madison, Ga., died last night at the home of Judge R. T. Jones, his father-in-law, with whom he and Mrs. Hack had been spending Christmas.

His condition was not considered dangerous, but Monday night at 1 o'clock when he was lying in bed, he died.

His wife, who was with him at the time, said he died peacefully.

STANGER TOOK A FATAL DROSE.
In His Pocket Was a Letter to a Young Lady of Macon.

Waynesboro, Ga., January 4.—(Special).—A young white man killed himself last night at Millwood, this county, by a dose of strychnine.

When he started to his room he said he was very tired and sleepy and wanted to sleep until late this morning. After he had retired, however, he was awakened by a knock on his door.

He opened the door and found a young man standing in the doorway, who was holding a letter in his hand.

He took the letter and read it, and then he died.

ECHELS' COURTHOUSE BURNED.
Believed It Was Burned To Destroy the Records.

Valdosta, Ga., January 4.—(Special).—News reached here today of the destruction by fire of the courthouse at Statesville, in Echols county.

All of the records of the county were destroyed. Those who reached the scene first saw the safe was open, but could not reach it to get the things out of it.

It was supposed at first that the building was burned by accident, but it is now believed that it was done by parties who wished to destroy the county records.

There is Great Rivalry as to Who Shall Retain Custody of It.

Savannah, Ga., January 4.—(Special).—The famous and much abused Hilton trophy arrived in Savannah from Atlanta yesterday, and it was immediately unboxed by several of the members of the winning team and placed on exhibition in a prominent hall street window.

The trophy has been the object of admiring eyes all day, and its winners, most of whom have never seen it before, consider it the handsomest of all the trophies.

CARLING DECLINES TO ACCEPT OFFICE

Mayor Price Announces Several Official
Changes.

WILL LISTEN TO EUGENE DEBS

He Is To Tell the People the Meaning
of Social Democracy.

TO SWELL THE NEXT NATIONAL CENSUS

The Suburbs To Be Invited To Join
Their Fortunes with Macon in
Order To Swell Census.

Macon, Ga., January 4.—(Special).—At a meeting of the city council tonight a letter was read from T. J. Carling declining to accept the chairmanship of the public works commission, to which he was unanimously elected by the mayor and council a few weeks ago. The council accepted the declination with much regret, and passed resolutions to this effect. The position is very responsible, and Mr. Carling's declination gave universal satisfaction. The council selected no one tonight in Carling's place, but the mayor announced that William Lee Ellis would continue to act as chairman until his successor was chosen. Ellis has served three years and under the law is ineligible to re-election.

The City Policemen.
The mayor announced that he had promoted Superintendent Garret to the position of regular patrolman to fill the vacancy caused by the non-reappointment of Patrolman McCafferty. The mayor also stated that he appointed Henry Smallwood as supernumerary patrolman.

To Swell the Census.
Alderman Huthnance introduced a resolution that the mayor and council and the newspaper do their best to persuade the suburbs to consent to annexation to Macon, with a view that the city may show as large a population as possible when the next national census is taken.

The resolution was referred to the committee on resolutions. If the suburbs are annexed the city's population would be increased at least fifteen thousand, making a total of about fifty thousand for the city.

BIBB COMMISSIONERS MEET.
They Make a Change in the Management of the Roff Home.

Macon, Ga., January 4.—(Special).—At the meeting of the county commissioners which held this morning quite a surprise was revealed. When called to order by the chairman, the commissioners decided to change the management of the Roff home.

Mr. S. C. H. Calloway, who has held the office of superintendent for a number of years, resigned his position.

COUSIN SLAYS COUSIN.

They Were on a Jag and Now One Is
Dead.

Swainsboro, Ga., January 4.—(Special).—Last Sunday night at Swainsboro, a young white man twenty-three years old, was shot and killed by Bartow Wilson. The principals in the tragedy were first cousins, but were on a jag with Foekey, who was found necessary to the homicide. The murdered man was carried to his father's home in this county, last night, where he will be buried today in the family burying ground. As yet no arrest has been made.

WAGON SPOKE DID IT.

The Victim Is Dead and His Slayer
Has Skipped.

Stockbridge, Ga., January 4.—(Special).—Last night, at a negro frolic about three miles west of this place, on the plantation of Mr. Joshua Berry, John Ravin and Henry Minter, both colored, became involved in a difficulty over a woman. John Ravin picked up a wagon spoke and broke Henry Minter's neck. No inquest has been held yet. Ravin has skipped.

ELBERTON'S BOARD OF TRADE.
The Question of Freight Rates Will
Now Be Fully Discussed.

Elberton, Ga., January 4.—(Special).—Last night the business men of Elberton organized a board of trade, with Mr. McAlpine Arnold president, and Mr. W. O. Jones secretary and treasurer.

Several important committees were appointed and many matters of importance discussed, the most important of which was the discrimination of freight rates by the railroads. For some time this has been going on, and the business men feel that it is unjust, and they propose to take steps that will right their wrong.

The cotton season is waning here, but up to this time something over 20,000 bales have been received. Many of the larger farmers in the county have not yet sold their cotton. When they do, the gross receipts will run close to 25,000 bales.

The property of Elberton for the past year has been very gratifying to the citizens. Many new industries and businesses have been inaugurated, and many new arrivals have moved in. Among the new arrivals are Mr. S. N. Green and family, from the north, who came to enjoy the superior health, business and financial advantages of the city.

GRIFIN HAS DESTRUCTIVE FIRE.
Largest Business House in the City
Totally Destroyed.

Griffin, Ga., January 4.—(Special).—One of the most destructive fires Griffin has ever known occurred last night at 10 o'clock. At 12 o'clock the fire is about under control, and the block threatened for two hours will be saved.

By heroic work of the firemen, the fire was confined to the building occupied by Griffin's store, and the rest of the block was saved.

Mr. Griffin's store was a large one, and it was a great loss to the community.

Mr. Griffin's store was a large one, and it was a great loss to the community.

DON'T.

Don't attempt to reform the world! It is
a large hemisphere and life is short.

Don't talk politics to ladies or dry goods
to gentlemen! Good taste will indorse
neither.

Don't think because you have been suc-
cessful in one thing you can succeed in
all! Few people succeed even in one thing.

Don't let yourself physically emipenit-
tized. The weakest persons and the shortest
lived are frequently those who feel the
best.

Don't delay when you feel weak, languid,
run down or debilitated! Take something
to stimulate your energies at once.

Don't think that any stimulant will do!
Doctors, scientists and the best authori-
ties agree that pure whiskey is the only re-
liable stimulant.

Don't be deceived into using an inferior
whiskey! Remember that the most popu-
lar, the purest, the most powerful and
the most valuable whiskey is Dr. Fie's Pure
Malt and that it has been so admitted for
years.

Don't let your dealer deceive you or im-
pugnate you by saying he has "some-
thing just as good, or something he can
recommend." He has interested motives
that even an overdose of religious en-
thusiasm is harmful.

There had been a big dissection in the
colored Baptist church here, Rev. Stokes,
a smart negro preacher and pastor of a
Baptist congregation here—the largest in
the south by the way—went north last
summer to get ready for a school he pro-
posed to establish here, and while there
was interviewed on southern lynchings.

He was quoted, among other things, as
saying that he thought the white people
were justified in lynching negro rapists.
Phillip H. Patterson, a negro school-
teacher, who also contributed to a news-
paper published here by negroes, took is-
sue with Stokes in his paper and roasted
him severely. A war of words between the
two ensued, and the negro Baptists of
Montgomery and other negroes in Ala-
bama were divided on the question as to
whether they should support Stokes or Pat-
terson.

On July 28 a state colored Baptist con-
ference was held here at the Central
Street Baptist church here. Brown and his
faction applied for admission as dele-
gates. Patterson and his crowd opposed
the admission of Brown as delegates. The
big church was crowded, the aisles
repulsed. The charges against Stokes
were very serious. The charges against
Brown's faction finally broke away from
the other faction and the church was
divided. Brown's faction was expelled
from the church.

HECTOR D. LANE AFFLICTED
Noted Alabamian Stricken with Apoplexy, but Recovers.

Montgomery, Ala., January 4.—(Special).—A special from Athens, Ga., states that Hon. Hector D. Lane, president of the Southern Cotton Growers' Association and a noted planter of Alabama, while sitting at his desk was stricken with apoplexy. His friends were greatly alarmed for a while, but he is now thought to be out of danger.

James H. Boothe, of Prattville, former probate judge of Autauga county, dropped dead yesterday while eating his dinner. He was about seventy years of age and was one of the best loved men in the county.

The remains of Mrs. E. Loeb, who died in Fort Gaines, Ga., on yesterday, were sent here by special guard. Her husband was buried there last night, and she was buried there this morning.

Bush Still Under Guard.
Gainesville, Ga., January 4.—(Special).—Henry

THE WEATHER.

Last night an area of high barometer covered the entire country to the east of the Rocky mountains, except over the upper St. Lawrence valley, where the pressure was relatively low. The barometer was highest over the lower Missouri valley and Florida, and lowest at Buffalo. The weather was generally clear to the west of the Mississippi, while to the east of that river there was considerable cloudiness. There was no rain to speak of in any portion of the country covered by reports. The cold weather has practically disappeared from all sections. There were only a few places where the temperature was as low as freezing in the northern and lake region. In other districts pleasant temperatures prevailed, being considerably warmer quite generally.

The forecast for today is threatening weather, probably with light showers in the northern portion.

Local Report for Yesterday.
Daily mean temperature... 40
Daily normal temperature... 42
Highest temperature... 48
Lowest temperature... 34
Total rainfall during 24 hours... .06
Deficiency of precipitation... .06

Forecast for Today.
South Carolina-Threatening weather; southerly gales.

Georgia-Threatening weather, probably light showers in the northern portion; southerly winds.

Alabama-Threatening weather with light showers Wednesday; probably cooler in the northern portion; variable winds.

CONSTITUTIONALS.
ATLANTA SHOULD FEEL PROUD of the magnificent engraving of the Constitution building, the second floor of the Constitution building, Mr. Charles A. Manston is manager of the state engraving company. His is by one of the most thoroughly equipped plants in the south, and the best testimonials they have is that they are doing the engraving of some of the largest dials in the south, not to speak of the railroads and manufacturing concerns that they also have contracts with.

The half-ton work turned out by Mr. Manston is clearly up to the standard, and their fine work cannot be surpassed anywhere. They will be glad to send samples.

CHEER UP, LITTLE PURSES, for there is large rewards for all such at the Atlanta Market Company, 10 North Broad street. The best and highest grades of all fresh meats. Poultry, fish, oysters, etc. New and fresh stock every day.

THE YEAR 1898 is now upon us and prosperity seems to be visible on every side. The Atlanta Market Company is happy and as prosperous as possible, and one of the several ways of doing that is to keep a man's pocket book full. This they are doing by showing the largest hardware stock in the south and selling the same lower than anybody. Why, just think of the best cooking stove for \$10.00, they have it and a good one, too. It will do you good to go by and see the hundreds of good things they are selling at such low prices.

MR. R. S. CRITCHER, at 53 Peachtree street, is making quite a change in his business this year. In a few days the store will go as the R. S. Critcher Furniture Company. They anticipate a very large business this year.

MR. WALTER J. WOOD says he feels so good he doesn't know what to do, for his trade for last year was simply immense. He expects to do more this year, and as a customer called him yesterday he said: "Tell 'em I wish all Atlanta a bright and happy New Year."

THE SOUTHERN DYE AND CLEANING WORKS has very recently opened a branch at Montgomery, Ala.

DIDN'T KNOW IT, DID YOU? Well, it is just the same. We take family wash, do it on short time; it gets every article of clothing, special particular, and we do it cheap. The fact is, you would be surprised to know how cheap we can do it. Phone 397, or call at the laundry, corner Walton and Forsyth streets.

YOU SEE IT IN THE PAPERS—You can look over the advertisements of the daily papers and pick out the prosperous merchants, for it has been very wisely said "he who advertises properly is in the midst of prosperity."

JUST THINK OF THIS—If everything was as good as our coal, people would die with delight; and if everything was as cheap as our coal, every pauper would soon be rich. Phone 397, or call at the laundry, corner Walton and Forsyth streets.

ONLY ONE BLOCK and one-half from the postoffice and you find the splendid "up-to-date" furniture house of H. M. Abbott, 120 and 122 Market street. He says he has not made a dollar in 1897 and his customers are the winners. Everything is sold cheap for cash, and almost as cheap on installment. Do you want to buy a new bed? He will sell you a new one for \$10.00. He will sell you a new one for \$10.00. He will sell you a new one for \$10.00.

THE NEW COUNCIL READY FOR WORK

Prospects Bright for an Unusually Successful Year.

THE CHAIRMEN OUTLINE PLANS

Alderman Turner Will Work for Mitchell Street Bridge.

NEW COMMITTEES GIVE SATISFACTION

Members Seem To Be Glad of Individual Work Assignments—Aftermath of the First Session.

NOW that the old council is a thing of the past and the new has been formally inducted into office, there is much speculation as to the policy to be pursued by the new body. The present council is one of the strongest that the city has ever seen, and it is generally believed the coming year will be one of unusual prosperity in municipal circles.

Just what matters of importance are to be considered during the year cannot be told, with the exception of those that have already been mentioned. The new body will doubtless be conservative, prompted solely by the city's interests and the people's good. The members are among Atlanta's most public spirited citizens, and the career of every councilman will be watched with interest.

The various committees, as appointed by Mayor Collier Monday, seem to give general satisfaction. The different chairmen are well satisfied with the work prescribed for them to do. They will soon become familiar with their duties, and the council will be in full swing in the very near future.

The prospects for the erection of an Alabama or Mitchell street bridge are better than ever before. Alderman Turner, who was made chairman of the bridge committee, is an hearty in favor of affording the west side people some outlet as his predecessor. He believes it nothing but justice to the taxpayers in this locality that they be given a better thoroughfare to the city.

"I am not fully in the harness yet," said Dr. Turner yesterday, "but I am ready to go to work with my committee and make such advancement as is expedient at this time. I am heartily in favor of the erection of a bridge across the railway tracks, and favor the Mitchell street bridge, but the Alabama street. Our committee will get to work right away, and although we have not yet outlined any definite policy, we hope to give the city profitable legislation."

The Collier's recommendation appropriating \$50,000 for the erection of this bridge does not exactly meet the views of Councilman Ed Peters, who was reappointed chairman of the finance committee. "I think that amount is a little too much," said he yesterday. "The roads should be paid for by the city, and I do not think the bridge will cost \$50,000. I believe, however, the viaduct will be built in the future."

Councilman Adair, chairman of the committee on salaries, is heartily in favor of raising the salaries of school teachers, policemen, firemen, sanitary officers and departmental clerks, if the city treasury will permit. This department of the municipal government will be well managed under his direction.

A large number of the councilmen are loud in their praises of the mayor's annual message. They say it is one of the best reports ever submitted by a chief executive in the history of the city.

Chairman Thomson, of the electric light committee and the board of electrical control, refused to say yesterday just what policy he would follow in regard to the electric light and municipal ownership questions. He wanted more time for investigation.

All the committees were well chosen, according to their various qualifications, and the council will work in harmony.

COUNTY COMMISSIONERS MEET.

Reorganize This Morning and Fill Offices for the Year.

A meeting of the board of county commissioners will be held this morning at 10 o'clock. It will be a reorganization meeting for the new year, and it is probable that there will be no changes in the officers of the board.

All the offices to be filled will be voted upon. Opposition is developed to some of those now in these places, but it is not likely that there will be any changes. The men who have held under the board during the year have given efficient service and they will be re-elected to their old positions for this year.

STREET CAR MEN TO MEET

National President of the Union Is Here Today.

MEANS STRONGER ORGANIZATION

The Consolidated Employees May Be Induced To Join—Mahr Will Speak Tonight.

The street railway men of Atlanta are preparing to organize more strongly for their own protection.

Mr. W. D. Mahr, of Detroit, international president of the Amalgamated Association of Street Railway Employees of America, arrived yesterday and will be here several days in the interest of his association. Before he leaves he expects to get the employees of the Consolidated street railway into his union.

Tonight President Mahr will deliver a public address at the federation hall on Peachtree street. This address will be made to all the labor unions of Atlanta. He will speak on the necessity of organization and will be the laborers of Atlanta to stand together.

Tomorrow night he will address the Amalgamated Order of Street Railway Men. This will be a secret session, and it is expected that an effort is to be made to get the Consolidated employees into the association. At present only the employees of the Atlanta Street Railway Company belong to the order and Mr. Mahr wants all street railway employees in the city to join.

The coming of the international president to Atlanta is regarded as a great event by the street railway men. He will stay here until he gets his union in first-class shape.

President Gompers, of the Federation of Labor, asked Mr. Mahr to look into the cotton mill strike here and do something for the strikers. Mr. Mahr will closely investigate the strike and will do all he can for the textile union.

THE CARNIVAL'S FIRST GUN.
The Strikers' Club of Mobile, Ala., Celebrates Their 55th Anniversary.

New Year's is signaled in the quaint and fun-loving city of the Gulf by a peculiar masquerade ball, which is looked forward to as quite the event of the year.

This is also the first gun of that broadside of carnival festivity which echoes from the Creole cities of the Gulf from the first of each year until the last of the year. For many a year the public has been entertained by the sight of the sinner cuts off the last of the year as midnight strikes on Shrove Tuesday.

The "Strikers' Club" ball is the real opening of the Mobile social season. It is known as the "debutantes' ball" from the fact that no young lady is fully launched in society until she has passed its mystical portals and has "danced a measure" with the "Strikers' Club" ball.

The success of the business in its infancy was due to the energy and hard work of Mr. J. M. High and Co. It is one of the most successful business concerns in Atlanta. From a small business it has by its success enlarged itself until a magnificent success, but his business is now a monument to its progress.

M'CLELLAND AND HOLT LEAVE HIGH

Firm Dissolves, Holt Goes with Rich, McClelland Studies Law.

DISSOLUTION WAS AMICABLE

High Will Have Personal Charge of the Dry Goods Business.

THE CHANGE TAKES PLACE IMMEDIATELY

Arnold & McCord and Goldsmith & Edmondson Also Dissolve Their Partnership.

THE firm of J. M. High & Co., which was composed of J. M. High, F. W. Holt and John E. McClelland, has dissolved partnership. Holt and McClelland, the two junior partners, have retired, and Mr. High will now be in complete charge of the large business.

The store was closed yesterday and the employees were engaged all day in taking an inventory. The closing of the store resulted in it becoming generally known that the partnership would be dissolved.

The three gentlemen who composed the firm are among the best known in the commercial world of the south, and in the conducting of their business have gained wide reputations of ability. Under their guidance the dry goods business of J. M. High & Co. has flourished and has been one of the most important in this section of the country.

The dissolution is made with the willing consent of all three partners, and with a perfectly harmonious and friendly feeling existing between them.

Mr. Holt's New Place.
Mr. F. W. Holt, who has been with the firm for the past twelve years, and who is quite the event of the year.

Mr. Holt will now be in complete charge of the large business. The store was closed yesterday and the employees were engaged all day in taking an inventory.

SERMON FOR MASONS WILL BE PREACHED

Dr. Landrum Will Speak to the Secret Order Sunday.

1,000 MASONS TO BE THERE

Elaborate Arrangements Are Being Made for the Event.

WILL MARCH FROM LODGE TO CHURCH

Music Will Be by Masons and Hymns Will Be Taken from a Masonic Songbook.

A SERMON to the Masons of Atlanta will be preached by Dr. W. W. Landrum at the First Baptist church next Sunday afternoon at 3:30 o'clock.

This is the first occasion of the kind that has occurred in Atlanta in a long time. All the Masons in the city will be present. Elaborate arrangements are being made for the event, and at least 1,000 Masons are expected to hear the sermon.

Dr. Landrum is a prominent member of the Masonic order, and has taken a large number of the degrees. He is a master Mason, a Knight Templar, and an eighteen degree Scottish rite Mason. Landrum lodge in Savannah was named after his father, who was grand prelate of Knights Templars for the state of Louisiana.

All the lodges in the city will attend the services on next Sunday, and all the ministers who are members of the Masonic order will be seated on the platform, and will assist in the services.

It will be a Masonic gathering, and everything connected with it will be conducted by them. The music for the occasion will be furnished by Masons as far as possible. The choir will be composed of Mrs. Pearson, soprano; Miss Clara Baker, contralto; Mr. Walter Harrison, tenor; and Mr. E. H. Barnes, bass. Mr. G. T. E. Hardman will be the organist. Nothing will be sung but strictly Masonic hymns taken from the "Masonic Harp," a book of music especially prepared for the use of Masons.

The Masons will meet at their lodge and march to the church in one long procession, and will present an interesting parade. They will wear the insignia and paraphernalia of the order, and will march according to their rank.

This may be the beginning of a regular annual event, and in every year such a sermon will be preached. The annual sermon will be looked forward to with much pleasure by the members of the order. The gathering will be purely un denominational, and all those in the city who are interested in the Masonic order are invited to be present at the services.

Dr. Landrum will choose an appropriate text for his sermon.

Dr. Landrum will choose an appropriate text for his sermon.

WOMAN AND SOCIETY

Egyptology.

The subject of Egyptology is one that of late years has become extensively popular with the up-to-date students and members of Atlanta's bright women have been searching for all books on the subject within their reach. The Atlanta Woman's Club first year and in the section of literature and art, under the direction of Mrs. Henry B. Tompkins, a most interesting course in Egyptology art, and from time to time one hears the subject touched upon in various ways. To those at present pursuing the study of Egyptology the story of Mrs. Marie N. Buckman will afford subject for thought. She is recognized as the leading woman student of that "oldest" in the country, and has a peculiar knowledge of the subject that has brought about the suggestion that it may be the result of re-incarnation.

It was while teaching a Sunday school class in her home in a New England town that the subject of Egyptian influence upon the literature and art, and later history appeared to be an intuitive and dormant knowledge of what was at one time the richness and cultivation of the Egyptian people.

In order to post herself authoritatively in regard to them she had recourse to text-books on the subject, and later history and literature pertaining to them. Strange to say, as she would peruse these various books it seemed to be information most familiar to her, and but a reminder of what she already knew.

Even the Egyptian language was easily mastered, and described by her as being "so simple and so musical that one cannot help remembering it."

It was but a short time after Mrs. Buckman became interested in Egyptology that she became conversant with the noted scholars of the day and her investigations brought her in contact with such well-known Americans as Dr. William Copley Winslow and Dr. Charles H. S. Davis. A year ago Mrs. Buckman was appointed secretary of the Egyptian exploration fund, of which Sir John Fowler is president, and with such men identified with it as Sir Francis Grenfell, Professor Petrie, and Professor A. A. Bayes.

When it is considered that Mrs. Buckman has in a little over a year's time become foremost among scholars who have spent years in the study of Egyptology, and that she has attained this position comparatively little study, it would seem that the theosophists have an excellent subject upon which to base their principle of reincarnation. Mrs. Buckman, however, expressed an opinion as to the cause of her gift as an Egyptologist.

A Pretty English "Typist."

The official typewriter to the house of parliament is Miss May Ashworth, a young English woman, who received the appointment and has successfully filled the position since 1886. She is called in England the "typist" and has a reputation for herself and her corps of assistants in St. Stephen's hall. She seldom now, however, appears at the house, leaving it to one of her many assistants to perform her services. Miss Ashworth is in the office in one of her many assistants to perform her services. Miss Ashworth is in the office in one of her many assistants to perform her services.

Georgia's Vice Presidents.

Miss Ruby Scruggs, vice president for Georgia of the Woman's National Press Association, is much interested in the representation that the women of the coming convention of the press women in Washington. Miss Scruggs has written to the leading press women of the state to attend the convention and has invited several well-known women of the profession to read papers on various topics pertaining to journalism. The National Association of Press Women is one of the representative women's organizations in the country and includes in its membership the brightest feminist leaders in the literary or journalistic fields. The programme for Georgia's part of the convention has not yet been completed, but the women of her state to take part.

Burnt Orange—the Color.

The preference this season for black and the very dark colors in street and afternoon gowns has rendered the "touch of color" in maidens' gowns one of great importance. American Beauty and cerise have long been the favored touch of color, even the vivid green that was seen in knots of velvet on the fur collarettes or neck scarves have given way to the new black hats that are so favored in midwinter fashion one sees the little tuft of burnt orange velvet some women wear, if not actually on the hat, it is shown out amid the feathers. It is a favored color in lining caps and furs, and knots of it are giving the touch to evening or day gowns. Though trying the color of burnt orange may be to many complexions, it may be so arranged as not to be too near the fair skin, the "tan colored" girl can wear it well, the brunette better than any, and the girl with color cannot wear it too near her face. The milliners as yet are about the only ones who have the burnt orange velvet on hand, and a well-known Atlanta artist in the millinery line is busy fashioning "ouches" of color, and calls the knots and tufts she is making of burnt orange velvet.

W. C. T. U.

Dr. Mary A. Gebauer will lecture for the Atlanta South Side Woman's Christian Temperance Union at the regular meeting in Good Templar hall, No. 724 North Broad street, Thursday, January 8th, at 3 o'clock p. m. The union cordially invites its friends and well-wishers to this and to all its meetings.

To Dr. Walker Lewis.

The elaborate reception which the ladies of the First Methodist church will give in honor of Dr. Walker Lewis, their newly appointed minister, is a high tribute to that popular minister. The reception will occur at the home of Mr. and Mrs. William Lawson Peck, and will be from the hour of 4 until 7 o'clock, thus affording the gentlemen friends and gentlemen members of Dr. Lewis and the church an opportunity of attending the reception after business hours. The ladies upon the various committees who have the entertainment in

MRS. MARIE N. BUCKMAN.
Secretary of the Egyptian Exploration Fund and Accepted Authority on Egyptology.

charge have made every arrangement to insure its success, and Dr. Lewis will be the guest of honor at one of the largest and most elaborate receptions of the year.

To Mrs. S. M. Inman.

Yesterday afternoon Mrs. Henry Inman entertained twelve ladies at an elegant luncheon party in honor of Mrs. Samuel Martin Inman. Taste and elegance distinguished every feature of the entertainment.

MISS MAY ASHWORTH.

Stenographer to the House of Parliament and a Type of Up-to-date Woman.

and the table decorations were especially artistic. They were of pink roses and bohemian glass. Full vases of the latter were placed with the roses forming the center piece, while the carriage bouquets and minor decorations were of pink roses. Mrs. Inman has been the recipient of many graceful tributes since her visit to the city, and the luncheon given in her honor yesterday was one distinctly enjoyed. The ladies present were: Mrs. Albert Thornton, Mrs. Robert Lowry, Mrs. Joseph Thompson, Mrs. William Parsons, Mrs. Henry Grady, Mrs. Edward C. Peters, Mrs. Charles White, Mrs. William Green Road, Mrs. William Inman and Miss McPherson.

They Called on Colonel Cook.

A time-honored and very pleasant custom in the United States army is for the officers of each post throughout the country to call at 12 o'clock noon of the first day of the year on their commanding officer, and pay their respects to him and his family. This has been neglected for many years at Fort McPherson, but last Saturday all of the officers of the post made friendly calls on Colonel Cook.

Social Items.

The Friday Afternoon Euchre Club will meet next Friday afternoon with Mrs. William D. Prescott.

The section of education of the Atlanta Woman's Club meets Thursday morning at 10 o'clock.

The very young singing set are looking forward with pleasure to the masquerade party to be given tonight by Mr. Robert Van Epps at 8 o'clock.

The Nineteenth Century History Class meets this afternoon with Mrs. Howard Van Epps at 8 o'clock.

Mrs. Helen Kendrick is the guest of her sister, Mrs. Alex. Smith. Mrs. Kendrick is a young woman, under the name of the former, and has been considered one of the foremost vocalists in Cincinnati since her residence there.

Mrs. Edgar Lee Douglas has issued invitations to an afternoon reception from 4 to 6 o'clock, Wednesday, January 22nd, at which Mrs. Douglas will be the guest of honor. The occasion will be a compliment to her sister-in-law, Miss Douglas, and will be one of the most elaborate functions of the season.

Mrs. Olivia Smith entertained a party of friends at the matinee yesterday.

Mr. James Swann, of New York, is in the city.

Mrs. Wylie Pope leaves Saturday for a two weeks' trip to Florida. On her return she will entertain her friends at an afternoon reception.

The child study class of the Atlanta Woman's Club meets this afternoon at 3 o'clock.

Mrs. Ed Chamberlin, Jr., and Miss Chamberlin, of New York, are in the city.

Mrs. Charles Matthews has returned to Nashville.

The first cotillon of the season given by the Cotton Club, occurs Friday night.

Mrs. Marshall Eckford will entertain a party of friends at a crokinole party Saturday morning.

The current events section of the Atlanta Woman's Club held a most interesting meeting yesterday afternoon, over which Mrs. Lawrence Haynes presided. The main topic of discussion was Cuba, and in Spain. On the latter subject Mrs. Haynes read an able and interesting paper.

The home section of the club held an interesting meeting yesterday morning.

The friends of Mr. and Mrs. R. A. Ellis will regret to learn that the former is extremely ill at their present place of residence, 55 Culbertson street, West End, Mrs. Ellis.

Ellis had been ill for several weeks before the loss of their pretty new home by fire, but was not at the time of the disaster, having seemingly recovered from the fever from which he had suffered. But since that time he has had a relapse and a recurrence of the fever in a very serious form.

The Winter Wheel Club will meet next Saturday.

The music section of the Manning Reading Circle will entertain all the members of the Manning Circle at Miss Elizabeth Walpole's, 85 East Fair street, on Thursday evening, January 6th. Each member will be accompanied by an accompanist. An artistic programme has been prepared by the music section, assisted by Lieutenant W. W. Heavy, Mr. Frank C. Wheat and Professor A. A. Weisenfeld.

AT THE THEATERS.

"In Gay New York" is recalled as one of the popular hits of last season, and its return to the Grand tonight and Thursday for three performances will attract general interest. Klav & Erlanger send this attraction out, and it is an excellent example of the review style of stage entertainments.

The book was written by Hugh Morton, and possesses witty lines and a dramatic music was furnished by Gustave Kerker, and has the catchy-and-carry-away-with-you quality necessary in work of this class. The songs have acquired popularity notably "Molly," "It's Fourteen Miles from Schenectady to Troy," "Jusque La," "Lullaby," "Little Gooly," and "The Heart of Maryland." Jeanette Bageard, one of the best of comedienne, gives a large measure of vivacity to the programme. York and Adams, a dramatic Hebraic specialty, by common consent the best of its kind; Mr. York also burlesques Irving's "Macbeth." Etta Gilroy lends life and vim to numerous dances, imitates Yvette Gilbert, leads a group of girls from "The Artist's Model," gives an uncanny negro song, and her personality pervades the entire performance. Lee Harrison, Gilbert Gregory, Arthur W. Gibson, William Selig, E. S. Tarr, James G. Peakes, Gertrude Zella, Alice Young and Josephine Stanton are others who have prominence. Two scores of the Casino's chosen pretty girls take part in the ballet, choruses, marches and ensembles.

There will be a matinee Thursday afternoon.

The Lilliputians. To miss the performance of "The Lilliputians," on Friday evening and Saturday matinee, at the Grand opera house, means to miss the principal event of the season and the greatest treat that any amusement could afford. The clever little people will be seen this time in a brand new and spectacular production, "The Fair in Midgewater," which has scored an immense success this season. In New York alone it ran more than 100 nights to crowded houses and delighted audiences like few other productions. The play has an interesting plot, unusually catchy music, and is ably mounted. There are three grand and original ballets, among the many novel effects, one of the most surprising and laughable in the incident of the fatal cinematograph.

Francis Ebert, Adolph Zink and Selma Goecker and the other Lilliputians take, as usual, the principal parts of the play, and they are supported by a company of more than sixty artists. Of special interest is the fact that the performance will be given this time entirely in English.

At the Lyceum.

Among players who understand the language of nature, who require not the services of an interpreter in affairs of the heart, whose temper and whose humor lead to every sob and pain uttered upon the stage, there will not be one who will not be delighted with "Theodore Hamilton's" rendition of "Pudd'nhead Wilson." Twain's masterpiece of fiction, which comes to the Lyceum.

Mr. Hamilton's Pudd'nhead is the crowning glory of his more than a quarter of a century of honest, ceaseless toil as a player. With such players as thoroughly understand the exacting requirements of their respective roles, we are informed, Mr. Hamilton has surrounded himself with a company of the best actors of the Lyceum.

This play will be given at only two performances, Friday and Saturday matinee. There will not be a Saturday night performance.

Brann's New Lecture.

To those who have known Mr. Brann and thought of him only as a great and versatile writer, tidings of his coming as a lecturer come with some surprise. He is fast becoming as well known to the public as a lecturer as he has long since been known to them as a writer. He has prepared an entirely new lecture for the season, entitled "Rainbow Chasers." He is a man of marvellous presence, magnetic and versatile, and gifted with a command of language beyond the power of words to reach the hearts of his audience. He will appear for the first time in this city on Monday night, January 10th, at the Grand.

Catholic Bishops Convene.

Montreal, January 4.—The Catholic bishops from various parts of Canada, including the mitred abbot of the Trappists, have arrived here to attend the annual synod of the Canadian hierarchy, which is being held at the Hotel St. Charles.

AN OPEN LETTER.

From Miss Sachner, of Columbus, O., to Ailing Women.

To all women who are ill—I afford me great pleasure to tell you of the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for the boon given to suffering women in that excellent remedy. Before taking the Compound I was thin, nervous, and I was troubled with leucorrhoea, and my menstrual periods were very irregular. I tried three physicians and gradually grew worse. About a year ago I was advised by a friend to try Mrs. Pinkham's Vegetable Compound. I did. After using three bottles of the Vegetable Compound and one package of Sensitive Wash, I am now enjoying better health than I ever did, and attribute the same to your wonderful remedies. I cannot find words to express what a Goddess they have been to me.

Whenever I begin to feel nervous and ill, I know I have a never-failing physician at hand. It would afford me pleasure to know that my words had directed some suffering sister to health and strength through those most excellent remedies.—Miss Mary SACHNER, 945 E. Rich St., Columbus, O.

A Gas Stove.

VETS' COMMITTEE WILL MEET TODAY

Important Business Will Come Before the Executive Committee.

SONS OF VETERANS TO HELP

They Will Aid in the Preparation for the Reunion.

MEETING TODAY AT THE KIMBALL HOUSE

Organizations To Come from All Parts of State and South and Appear in Parade.

THE first meeting this year of the executive committee of the Confederate Veterans' Reunion Association will be held this morning at 12 o'clock in room 112, at the Kimball. Much business of importance will come before the members and the work will soon begin to take shape.

Many important questions are up for solution. The location of a place of meeting, the choice of a secretary, and accommodation for those who will be the guests of the day during the time of the reunion will have to be decided upon. The sub-committee will do the greater part of this preliminary work under the supervision of the executive committee.

Mr. Hamilton has appointed the committee on hotels and boarding houses which was provided for at the last meeting of the executive committee. It is composed of the following gentlemen: Joseph Thompson, chairman; Grace B. Adair, R. E. McDox, W. B. Burke and Amos Fox. The work of this committee will be on the line of the conference of a place of meeting, the choice of a secretary, and accommodation for those who will be the guests of the day during the time of the reunion will have to be decided upon. The sub-committee will do the greater part of this preliminary work under the supervision of the executive committee.

The John B. Gordon camp of Atlanta is leading the movement to make the Sons of Confederate Veterans' reunion a grand affair. Mr. Gordon has sent out circulars to all the camps of the state, asking them to send a delegation to the reunion. He has also sent out circulars to all the camps of the state, asking them to send a delegation to the reunion.

HE WHO STANDS IN HIS OWN LIGHT

Holds ever in his pocket a poverty-stricken purse.

We don't mean to say that you'll grow rich or poor by buying or not buying your Suit or Overcoat from us.

While Our Inventory Sale Lasts

We do say—and say it with as much emphasis as printers' ink can put into it—that you are doing yourself an injustice; that you are actually standing in your own light, by refusing to see whether we can or can't do better by you on the Suit and Overcoat question than "the others." With these few words we invite you to come and see.

Eiseman & Weil

MEN'S AND BOYS' OUTFITTERS, 3 WHITEHALL ST.

Veterans will come a body of the sons, in tatters and rags, with dusty clothes, some with no caps, some with no coats, and all showing the dilapidation of hard service. The arms which they will wear will be of all kinds and in every condition of servitude. The old flag which they will carry will be battle-worn and torn into strips. The appearance will give a vivid picture of the veteran as he returned from the war. They will be hollow-cheeked, poor, pale and weary and have the likeness of soldiers that on half rations have faced the shell of the enemy more than once. In front of them will ride an officer in as bad condition as the men who follow him, and the horse will be the best that can be found. The ensemble is intended to be a striking contrast to the company which preceded. On a banner in front of them will be the words "As they returned."

This is expected to be a very pretty part of the parade and is looked upon with favor by the managers of the reunion. It is intended to be a vivid illustration of an historical fact. The local chapter of the Sons of Veterans have placed themselves at the service of the veterans' committee, and are ready to help in the work of preparation. There are a large number of them in Atlanta and John B. Gordon camp is the largest in the state.

Coughs, colds, pneumonia and fevers may be prevented by keeping the blood pure and the system toned up with Hood's Sarsaparilla.

SLATON'S ANNUAL REPORT
It Will Be Presented to Board of Edu-
cation Tomorrow.
SHOWS PROGRESS OF SCHOOLS

The board of education will hold its
regular monthly meeting tomorrow af-
ternoon at 3 o'clock. There is nothing in the
way of regular business to come before the
board which will be of any great impor-
tance.

The most interesting matter to be pre-
sented will be the annual report of Super-
intendent W. F. Slaton. This report is the
best that has ever been made and shows
the schools to be in better condition than
ever before. The report tells of the needs
of the schools and gives in minute detail
all the work that has been accom-
plished. The progress shown is satisfac-
tory to all those connected with the
schools.

The matter of introducing a textbook
on botany will come before the board at
the meeting tomorrow. This study will
be made compulsory. It seems likely that
the faculty of the High school will try and
have botany made optional with the stu-
dents. Nothing in addition to this seems
slated for tomorrow's meeting.

A large number of children have been
entering the schools during the past week,
and the attendance has been very material-
ly increased.

The semi-annual promotions which occur
January 20th will make a considerable
change in the grades of the schools, and
the number are not promoted. It is prob-
ably that some of the grades will be
crowded.

The meeting of the board tomorrow af-
ternoon will not give promise of anything
of a startling nature and it is probable
that the session will be a very brief one.

PAYNE MAY NOT LOSE HIS JOB.
Said That He Has Appealed to the Civil
Service Commission.

A great deal of interest is felt in the
case of Janitor Payne of his position as
Janitor. Mr. Payne is still very ill with
heart trouble and so nothing has been
done.

It is understood that Collector Rucker
has reported to Washington that Mr.
Payne has refused to clean up the portion
of the building assigned to him, and it is
also reported that the custom house.
Mr. Payne has appealed the case to the
civil service commission.

Mr. Payne says he is determined not to
be forced out of his place without making
a fight. He expects to be upheld by the
civil service commission.

EARLY DELIVERY CONVENIENT.
The People Like To Get Their Mails
Before Breakfast.

The early delivery scheme put into effect
by Postmaster Smyth is working smoothly
and the carriers report that it is giving
great satisfaction to the citizens.

The system has not been in operation
long enough to be as good as it will be
after a while, but it is now very thorough
and complete.

Postmaster Smyth hopes to be able to
put on a late afternoon delivery if he
can arrange with the railroad people to
run their trains on time.

IN TROUBLE FOR MAKING BOOZE.
John Hembree, a Douglas County Man,
Is Bound Over.

John Hembree, of Douglas county, was
bound over by Judge Broyles yesterday
morning on charges of moonshining. He
Deputy Marshal Scott captured a still on
Hembree's place and when Hembree was
arrested he acknowledged that he owned
the booze factory.

WATER TOWER A SURE THING.
It Now Seems Certain That the Fire
Department Will Get One.

The fire department will very likely be
furnished with a water tower early this
year, since it has been strongly recom-
mended both by Mayor Collier and Chief
Joynes. The need of it has become clearly
evident, and the department will not
long be without this important apparatus
is almost certain.

The water tower will be used solely for
the purpose of fighting fires in large build-
ings in the center of the city, and for this
reason will probably be located at one of
the downtown fire stations.

Chief Joynes has not definitely decided
where he will place the apparatus if it is
obtained. It will most likely be placed at
station No. 4, on North Pryor street, or at
fire headquarters, on Alabama street.

It is thought that either one of these
places is near enough to the business cen-
ter in case of a fire in a tall building
the apparatus could be on hand in a very
few seconds.

Chief Joynes is pleased with the recom-
mendation made by Mayor Collier in regard
to the fire department, and especially as to
the water tower. He has tried for several
years to obtain an appropriation for this
apparatus, and has felt the need of it on
more than one occasion. It is now almost
an assured thing, and in a short while the
firemen will be able to cope with a fire in
the very tallest buildings without feeling
handicapped.

DR. SIEGERT'S ANGUSTRINA BITTERS made
himself and his makes bright, rosy
cheeks and happiness.

PRACTICAL EDUCATION.
Young Men Specially Fitted for the
Duties of Life.

The young man who graduates at the
School of Technology is equipped for im-
mediate employment and receives rapid pro-
motion. This statement is not a theory,
but a fact demonstrated by the school's
graduates. Students in the school demon-
strate are under wholesome regulations, and
at small expense. The new year term be-
gins January 10th. Students are received as
late as February 15th. No entrance exami-
nation is required for the lowest class. For
full particulars address Lyman Hall, presi-
dent, Atlanta, Ga. dec 14

EXERCISES AT FIRST BAPTIST
Continuation of Semi-Centennial Will
Be Conducted Tonight.

The continuation of the celebration of the
semi-centennial of the First Baptist church
will take place in the church tonight.
A very interesting part of the exercises
will be held. The history of the church, its
achievements and the work of its members
will be told in papers read by different
members of the congregation. It will be
the reunion night of the church and will
be a social gathering of its members to
talk over the old times and the many in-
cidents that have happened in connection
with the church.

The history of the church is largely that
of Atlanta and its members have always
been closely identified with the growth and
progress of the city. The programme that
will be rendered besides the music, will
consist of historical sketches. Every part
of the church work since it was estab-
lished will be discussed and what has been
done will be told.

Deacon F. Stewart will preside and
the exercises will begin at 7 o'clock. The
programme is:

Doxology.
"Members of Our Church in Public Life."
—Deacon C. C. Cox.
"Our Church Missions"—Mrs. Ben Wylie.
"Our Church in Relation to Missions."
—Deacon H. H. Cavanaugh.
"The Societies of Our Church"—Miss Lily
Crawford.
"Sketch of Pastors of Our Church"—Miss
Annie H. Norman.
"Our Sunday Schools and its Superin-
tendents"—Deacon H. H. Cavanaugh.
"The Societies of Our Church"—Miss Lily
Crawford.
"Some Women of Our Church"—Miss
Alice Baxter.
"Our Church in Public Life."
—Deacon C. C. Cox.
"Our Church Missions"—Mrs. Ben Wylie.
"Our Church in Relation to Missions."
—Deacon H. H. Cavanaugh.
"The Societies of Our Church"—Miss Lily
Crawford.

MAIL TREATMENT CURES.
No one need be deprived of the benefits
of Doctor Hathaway & Co.'s treatment
because of a distant residence. The same
wonderful and uniform success attend-
ing the treatment of Doctor Hathaway &
Co. in their own city is found in the mail
treatment of patients.

By use of our medicine blanks they are
able to diagnose cases and prescribe for
them, and by their reports they keep a
close watch upon them. Patients living
in the country may enjoy the benefits of
Doctor Hathaway & Co.'s skill as well as
those residing in the city. Write to Doctor
Hathaway & Co. for their new symptom
blank, No. 1 for men, No. 2 for women.
No. 3 for skin diseases, No. 4 for catarrhs
and have your case diagnosed and get ex-
press advice. If they can cure you, they
will tell you so. They never under-
take a case, either by mail or at their
office, where they cannot afford relief.

Dr. Hathaway & Co.
Cure:
BLOOD POISONS,
BLINDNESS,
SKIN DISEASES,
RHEUMATISM,
ASTHMA,
AND ALL DIS-
EASES OF THE
THROAT AND
LUNGS.

ATLANTA, GA.

FIRST SALE OF MASON PROPERTY
Was Levied on in Favor of Commis-
sioners of DeKalb.

A small part of the property of J. A.
Mason, the defaulting treasurer of DeKalb
county, was sold by Sheriff Nelson yester-
day. This is the first of the property of
the shortage which occurred in 1894.
When he went out of office in 1894,
after having been treasurer of the county
for over five years, his accounts be-
came mixed and he was held for re-
election and his successor came into office,
it was found that he could not account
for nearly \$50,000. The commissioners of
the county demanded the shortage from
his sureties, but they refused to make it
good on the ground that the treasurer
needed his authority when he handled
some bonds that were issued by the com-
missioners of the county, and that they,
the sureties, were accordingly released
from any liability for the shortage.

The case was carried to the courts. Af-
ter receiving two hearings in the superior
court of DeKalb county and the shortage
found to be \$50,000, it was carried to the
supreme court. A decision has not yet
been handed down.

The property sold yesterday was situated
on Peters street and brought \$2500. C. R.
Harris was the purchaser.

"NATIONS AND THEIR RULERS."
Interesting Talks Made by Ministers
at Week of Prayer Service.

The second service of the week of prayer
was held in the Young Men's Christian As-
sociation building yesterday afternoon and
a large number was present to hear the
talks by Dr. Stradley, presiding elder of
the North Atlanta district; Rev. R. O.
Flynn, of the Kirkwood Presbyterian
church, and Rev. R. L. Moley, of the
Central Baptist.

The talks were on "The Universal
Church" and were very interesting. The
larger number of those present were ladies,
very few men being present. All the
prominent ministers of the city were
present.

The subject this afternoon will be, "Na-
tions and Their Rulers." Prayer will be
offered "That all in authority may recog-
nize their responsibility to God, the King,
and may have courage to enforce right-
eousness in council and government; that
the Lord's day may be revered; that
justice, integrity and perseverance in
justice may cease, and that forbearance,
kindness and brotherhood may be cultivated
by the people."

The speakers that will talk for ten min-
utes on the theme will be Rev. Theron
H. Rice, Rev. J. T. Davis, and Rev. L. K.
Probst.

If so, take Tyner's Dyspepsia Remedy. A
few doses will cure you. For sale every-
where.

Xmas Books and Novelties
In great variety at John M. Miller Co.,

The St. Clair blacksmith coal is guaran-
teed the best shop coal on the market.
Price reasonable. Mined and shipped by
the Ragland Coal Co., Ragland, Ala.

CORRECT TREATMENT
It makes no difference to Dr. Hathaway & Co. whether you have been treated by ten medi-
cine physicians or by one hundred physi-
cians, you are just as much in need of medical aid as though you had never made an attempt at cure. The trouble
is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of. He will never cure you until he knows what you are made of. You have been treated by some "quack," who has made you feel that you are not getting any better. You know that it is not enough to cure you, but you must be cured. Or if you are not cured, you must be cured. The trouble is not that your doctor does not know what to do, but that he does not know what you are made of.
